

Managing Contract Engineer

Hertsmere

We currently have a vacancy for a Managing Contract Engineer at our Hertsmere site reporting to the Commercial Manager.

The overall purpose of this role is to plan and manage the day-to-day operation safely ensuring outstanding customer service is delivered at all times.

All employees of our organisation are asked to represent our core values in all their business dealings, and candidates are required to demonstrate their understanding and commitment to representing these values. Our core values are Customer Focus, Entrepreneurial Spirit, Flexibility, Innovation, Integrity, Quality and Sustainability.

The successful candidate will have the ability to work under their own initiative and as part of a wider team, the ability to communicate with others effectively, and administration skills.

Candidates will have a formal Heavy Vehicle qualification.

The role will require the successful candidate to have good knowledge and experience of commercial vehicle repair and servicing, previous experience of managing staff, a good understanding of compliance and experience of managing job cards and parts.

The successful candidate must be flexible, willing, and able to travel extensively.

If you believe you have the skills necessary to fulfil this role, please send your written application supported by your CV to Alice Walden, Human Resources Department at alice.walden@dennis-eagle.co.uk

Dennis Eagle Ltd is an equal opportunities employer

Closing Date: Wednesday 20th April 2022
